

TEENAGE MUTANT NINJA TURTLES®

Cyber Samurai Bebop and Shredder are the most ferocious when they bounce into battle against Cyber Samurai Turtles. It's tons o' metallized Mutant fun when their Flattenin' Fists start flyin'!

1. Prepare and protect your Cyber Samurai bad dude for battle by putting on the Anti-Turtle Removable Metallized Chest Plate as shown.

2. Remove the sleeves from each of the fusion fist posts. Slide the Spring Launchin' Flattenin' Fists into the fiendish forearm sockets until they snap into position. Be sure that the fists are loaded with the fins pointing out as shown.

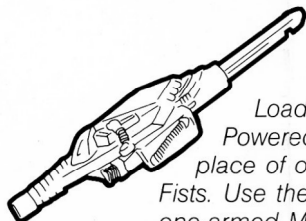

3. Take aim at the nearest Cyber Samurai Turtle, then use the levers on the backs of the arms to fire at will! Reload and fire some more! That'll teach those Turtles!

CAUTION

- Make sure you never aim the Flattenin' Fists, Missiles or Cyber Samurai characters at any living thing, especially their eyes or face! Cyber Samurai Turtles and Foot foes are designed only to attack each other.

Load in the Spring Powered Missile in place of one of the Flattenin' Fists. Use the lever to fire. It's a one-armed Mutant missile attack!
